

Outdoor Play Kitchen

Full Plans

There are 4 steps to building this Outdoor Kitchen:

Step 1: Purchase all you materials.

Step 2: Measure and cut all boards according to supplied drawings.

Step 3: There are three assemblies to complete this projects. 1. The lower Frame 2. The Conter Top and 3. The final Assembly.

Step 4: Stain or paint you project to protect it from the elements.

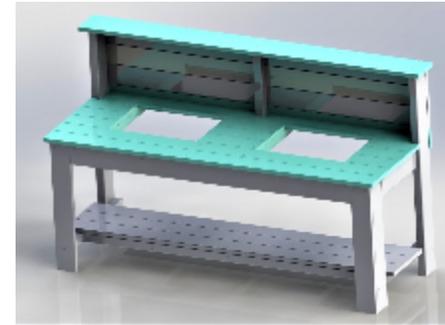

We are always willing to answer any questions that you might have. Please email us at info@diyplansandmore.com

Good luck with you project. We would love pictures of your finish product!
